

VENETIAN[®] STONE

The Venetian Stone product advent is the latest development in enhanced pavements from Keystone Hardscapes. Its uniquely attractive cleft surface sets it apart from ordinary pavers. This texture recalls Old World charm and invokes a traditional convention. The larger scale of Venetian Stone pavers lends itself to stately residential settings and more expansive commercial applications. Its modular pattern equalizes the scale of any project and is fitting to most any architectural elements.

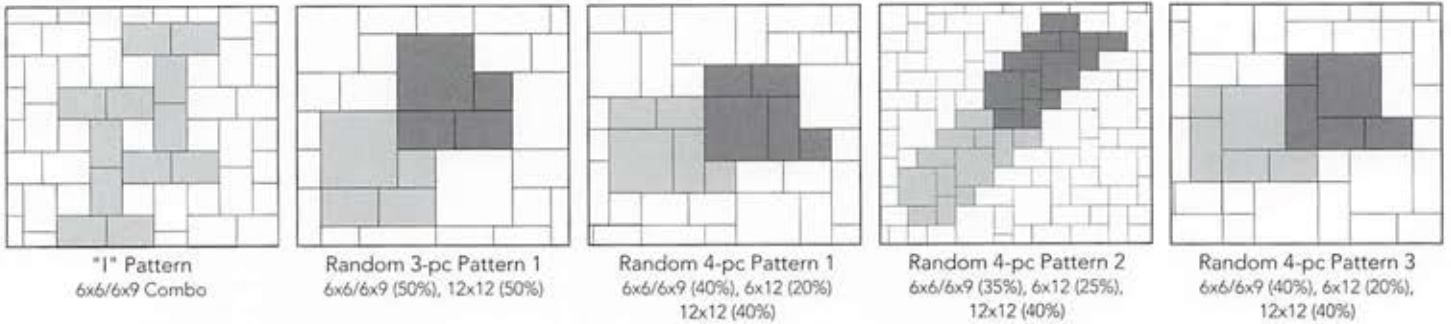

*Large Rectangle not available in Truckee Blend.
